

**LUPIN
MANUFACTURING
SOLUTIONS**

FROM PROCESS DEVELOPMENT TO COMMERCIAL SUPPLY

Complete CDMO Experience delivered
Through One Integrated Global Network

Lupin Manufacturing Solutions (LMS), powered by
Lupin's global manufacturing ecosystem

Lupin Manufacturing Solutions (LMS) integrates advanced API development with access to Lupin's global formulation and biologics network enabling seamless execution from process R&D to clinical supply and commercial manufacturing. With proven expertise across high-potent APIs, peptides, ADCs, biologics, and complex dosage forms, LMS delivers flexible, multi-site solutions tailored to molecule complexity, regulatory pathways, and global supply needs.

Lupin Manufacturing Solutions Limited (LMS), a wholly-owned subsidiary of Lupin Limited, is a leading manufacturer of active pharmaceutical ingredients (APIs) and a global contract development and manufacturing organization (CDMO) offering standalone & integrated solutions across drug substance, complex chemistry, drug product, and advanced modalities including ADCs and peptides. Leveraging Lupin's legacy of scientific rigor and regulatory expertise, LMS supports biopharma innovators from early development to commercial scale. With state-of-the-art facilities, a client-first approach, and a team of 250+ scientists, LMS accelerates the path to market for transformative therapies.

LMS is where science meets speed, and innovation meets execution.
